

Supplemental Figure 1. Scatterplots for the association of fasting PI:CP with DI_d , DI_s , and DI_{tot} in African American (AA) and European American (EA) participants. All variables are log transformed.

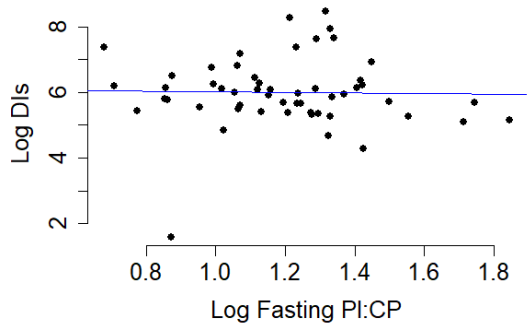

A) Fasting PI:CP vs. DI_d in AA participants

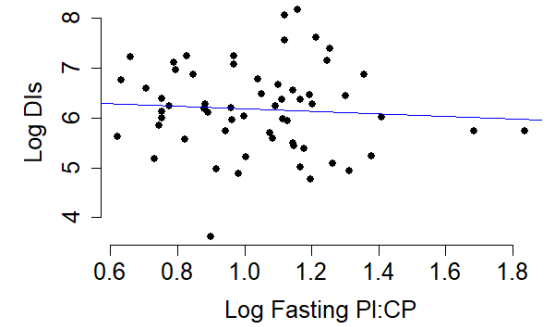

B) Fasting PI:CP vs. DI_d in EA participants

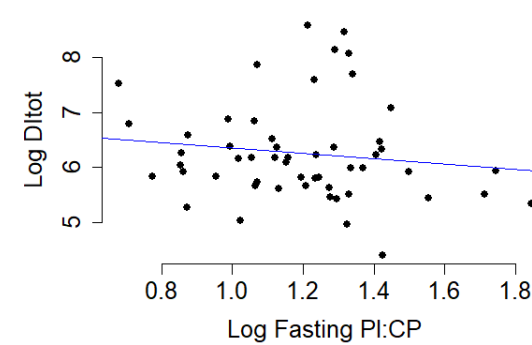

C) Fasting PI:CP vs. DI_s in AA participants

D) Fasting PI:CP vs. DI_s in EA participants

E) Fasting PI:CP vs. DI_{tot} in AA participants

F) Fasting PI:CP vs. DI_{tot} in EA participants
