2 figures and 8 tables.

**Figure S1. Prevalence of DKA at T1D onset by year and age group.** (A) The black circles show the prevalence of DKA at T1D onset by year. (B) Age-specific prevalence trends of DKA at T1D onset by age group. The circles indicate the average proportion by age group and in all cases. Bars indicate maximum (top) and minimum (bottom) proportion during 2007-2017.

**Figure S2. Proportion of T1D cases by month (2007-2017).** The bar indicates the maximum proportion during the period.
