- 1 Figure legends- Online Supplementary
- **Figures (S1A, S1B, S1C)**
- 3 Violin plots demonstrating the distribution of expression quantitative trait loci (eQTL) associations for the SIRPG (1A), IL27.EB13 (1B), and
- 4 CTRB1 (1C) proteins in various tissues. These plots were created using the GTEx Portal online tool for gene expression (Data Source: GTEx
- 5 Analysis Release V8 (dbGaP Accession phs000424.v8.p2).

6

- **7** Figures (S2A, S2B, S2C)
- 8 Violin plots demonstrating the distribution of expression quantitative trait loci (eQTL) associations for the SIRPG rs2281808 genotype (2SA),
- 9 IL27.EB13 rs181209 genotype (2SB), and CTRB1 rs8051363 genotype (2SC) proteins in various tissues. These plots were created using the
- 10 GTEx Portal online tool for gene expression (Data Source: GTEx Analysis Release V8 (dbGaP Accession phs000424.v8.p2).
